

Dimensional Board Book

Words 2 Live By: A book of everyday quotes and inspiration.

Welcome to crafting **GREEN!**

All the products used to create this charming book of quotes are eco-friendly. The board book is made from recycled paper and designed for dimensional projects with spacers between the pages. The Glass Glintz embellishments are made from recycled glass, and the tacky Green Glue is completely botanical. Even the inks and paints contain no or low VOC's (volatile organic compounds). These products make a difference—for the earth, for the workers that produce them, and for the artists and crafters that use them. We are proud to present this project and it reflects our company-wide commitment to living "GREEN".

MATERIALS
